EXPERIENCE

Freelance Frontend Engineer

Self Employed

October 2024 - Present, Remote

- Helped a startup (Ecobridge) build their landing page using Next.js, TypeScript, and Tailwind CSS.
- Compressed images to WebP format and implemented lazy loading for off-screen assets, reducing load time by ~30%.
- Built a website for a professional life coach using vanilla JavaScript, HTML, and CSS.
- Increased Calendly bookings by ~20% by redesigning the scheduling flow and embedding an on-page scheduler.
- Leveraged modern AI coding tools (Cursor, GPT) to accelerate prototyping and documentation, reducing development time by ~25%.

Fiber Optic Technician

Polaris Communications

January 2022 - January 2023, Austin, TX

- Contributed to Google Fiber's infrastructure deployment and quality assurance for network operations unlocking an estimated \$2.3M in annual recurring revenue.

Fiber Optic Technician

Unmuted Communications

January 2021 - January 2022, Austin, TX

- Led technicians in fiber splicing, installations, emergency outage response, field diagnostics, and documentation workflows.
- Clients included Google Fiber, AT&T, Spectrum, and Suddenlink.

PROJECTS

React Native Weather App (Expo, TypeScript)

Personal Project • github.com/ReneMSdev/WeatherAlertsRN

- Built a cross-platform iOS / Android mobile app using React Native and Expo.
- Integrated the app with custom Node / Express backend for real-time weather retrieval and severe weather warnings.
- Implemented state management with React hooks and AsyncStorage for device and location persistence.
- Improved data loading speed by ~55% by using multithreading to run API requests in parallel without blocking the UI.

Route Planning Web App (Next.js, JavaScript)

Personal Project • route-planner-nextjs.vercel.app/

- Allows users to input multiple addresses and returns the optimal route on an interactive map.
- Supports Google Maps export for mobile navigation.
- Built with Next.js, JavaScript, Tailwind CSS, OpenCage API, OpenRouteService API.

EDUCATION

Bachelor of Science in Computer Science

Western Governors University • Salt Lake City, UT • 2024

CERTIFICATIONS

AWS Certified Cloud Practitioner

Amazon Web Services • 2025

Linux Essentials

Linux Professional Institute • 2024

ITIL 4 – Foundation Certificate in IT Service Management

PeopleCert (AXELOS) • 2024

Professional Scrum Master I (PSM I)

Scrum.org • 2023

SKILLS

Programming Languages: TypeScript, JavaScript, Python, HTML, CSS

Mobile: React Native (Expo), Mobile UI, Responsive Design

Front End: React, Next.js

Dev Tools: AWS, Git, GitHub, GitHub Actions, Figma
